Willing Hearts...Helping Hands

Inquire today to learn how you can be a part of Faith Hospice® in a very special way.

What Is “hospice”?

The word “hospice” was first used to describe a place of shelter and rest for weary or sick travelers on long journeys.

Today “hospice” means a special kind of care designed to provide sensitivity and support for people in the final phase of a terminal illness.

What Is Faith Hospice®?

Faith Hospice® is Holland Home’s hospice program. Our inter-disciplinary team addresses all of the issues that relate to mind, body and spirit as the end of life nears and seeks to enable people to remain active and pain-free through quality care at home or living in our Trillium Woods® Residential Center

What is Trillium Woods®?

Trillium Woods® is a hospice residence or home which provides general inpatient care for clients who are in need of care that is difficult (or impossible) for the family to handle in the home. Trillium Woods® is not a nursing home or a hospital – but a very special home-like environment where quality Christian care is provided by a team of professionals specializing in palliative care.

Why Should I Volunteer at Faith Hospice®?

By volunteering at Holland Home, you will make a tangible difference in the lives of others, and you will receive tremendous personal satisfaction from the help you provide. Everyone has their own gifts to share and we can match your talents with existing needs. Volunteering is a great way to respond to the call for service to others.

Bereavement Support?

Grief is a natural part of healing. Our compassionate staff and volunteers provide bereavement support to family members following the loss of a loved one. Through personal contacts, encouraging and informative mailings and various support groups, Faith Hospice helps loved ones adjust through the grief process.

“Let each one go home in peace.”
